

THURSDAY, JAN. 18, 1894.

Official Paper of Lincoln County

PUBLISHED EVERY THURSDAY BY THE RECORD PUBLISHING COMPANY.

OFFICE: MASONIC BUILDING, LACOUR STREET.

TERMS: Subscription, One Year, by Mail, \$5.00; Subscription, Six Months, " 2.50.

None Forwarded till Paid For.

Advertising rates furnished upon application at the office. Entered at the Postoffice at Pioche, Nevada, as Second-Class Matter. Communications are solicited, but the paper will not be responsible for the opinions of its correspondents.

LOCAL AND OTHERWISE.

The coldest of our winter weather appears to have passed.

Business since the holiday is reported as extremely quiet.

The town has suffered from an egg famine for the past week.

Chinamen are being registered in Seattle at the rate of over 300 per day.

Joe Phillips is confined to the house with rheumatism and our barber shop is closed.

JOB PRINTING in all its branches, equal in style to any, done at this office.

Luke Syphus, George Syphus, C. P. Bonnow and Hy. Empey were from Panama on business yesterday.

John O'Connor has taken a lease on the Pioche Con. Co.'s machine shop and will be ready in a day or two to care for any work required hereabouts in that line.

With but little care and no trouble, the beard and moustache can be kept a uniform brown or black color by using Buckingham's Dye for the Whiskers.

John C. Eames went down to Ferguson District Friday. He intends to make a thorough examination of every part of the new district, and will remain there several weeks for that purpose.

Suit has been instituted in the District Court against the Oregon Short Line and Utah Northern Ry. Co., to enforce collection of the tax levied against its grade in this county for the year 1893.

County Assessor Freudenreich has been appointed by Governor Colcord as a delegate to represent the State of Nevada at the Trans-Mississippi Commercial Congress, which is to convene at San Francisco on the 13th of next month.

The world-wide reputation of Ayer's Hair Vigor is due to its healthy action on the hair and scalp. This incomparable preparation restores the original color to gray and faded hair, and imparts the gloss and freshness so much desired by all classes of people.

Mining Location Notices for sale at this office.

Ed. and Herman Freudenreich went out to their new mine at Comet district Saturday to prepare for shipping ore. A wagon road was nearly completed to the mine some weeks ago. It will now be finished and shipments will begin to the mill at Bullionville next week.

"Now is the winter of our discontent made glorious summer" by Ayer's Sarsaparilla. This wonderful medicine so invigorates the system and enriches the blood that cold weather becomes positively enjoyable. Artic explorers would do well to make a note of this.

R. W. Zachow died at San Francisco, last Thursday evening. He left here last summer, troubled with what appeared to be consumption. He improved for a time, then ceased to mend. He was about, and attending to his usual duties the evening before his death which came quietly and he was found the following morning dead in his bed.

A letter received last week states that Richard Hall, brother of Mrs. George Wheatley, was accidentally killed on December 31st at his home in Ellsworth, Kansas, by the discharge of a gun. He had been hunting and on coming in placed his loaded gun in a chair. Shortly after his young sister came in and picking up the weapon it was discharged the contents striking Hall in the head.

The sale of property for delinquent taxes by the County Treasurer took place at the court house door Monday as advertised. The list this year was nearly twice as long as heretofore. The county was the purchaser in every instance but four and has a material addition to its property list now, one from which a big return is likely to come when once the railroad and the Ferguson boom strikes us.

The officers for the ensuing year of the A. O. U. W. were installed at the regular meeting last week by Deputy District Master B. C. McDonough to-wit: J. H. Goodrich, Master Workman; James Duffin, Foreman; G. B. Warren, Overseer; J. A. Clark, Recorder; William D. McFarlane, Financial; J. R. Cook, Receiver; W. F. McDonough, Guide; John Ewing, Inside Watchman; M. Cohen, Outside Watchman; E. L. Godbe, Trustee.

John Roeder left Tuesday for Sterling district in which he is still trying to interest capitalists. Here is where the Mackay boys of Pahrump Valley have a number of claims and which show up well for the small amount of work done. Some magnificent specimens, showing free gold in considerable quantity have been found there at times. The locality is remote though from water and transportation of all kinds so that indications must be more common to induce capital to take hold, but all who know that section say an awakening is it bound to come shortly.

B. Gillman, who has been Superintendent of the Eureka & Palisade railroad for eleven years past, has resigned his position.

Coal mines are being opened up about twenty-eight miles south of Beaver. The product is said to be more free from mineral than either the Cedar City or Kanabaa coal.

Many men are reported as working their claims at Camp Floyd, Utah, and new buildings are constantly going up. The place has taken quite a start and a boom for it is predicted next Spring.

There are 11,780 miles of irrigating canals covering 5,000,000 acres of land in this state. Of this only about 1,500,000 acres are being cultivated. There are 34,000,000 acres that are subject to irrigation.—Frischall, Colo., Advertiser.

While out hunting on the 11th inst., at Mill Creek, Utah, near Salt Lake, Harry Leggett, a resident of that place accidentally shot himself dead, both barrels of a loaded shot gun taking effect in his body.

Last Friday evening at the Mammoth mine, Tintic Utah, Charles Williams was so hurt by the explosion of giant powder that he may die. He was thawing it out when the explosion occurred, his throat being so badly injured that he was unable to state how it happened.

It is safe to place Colorado at the head of the gold producing states this year. The output will be at least double that of 1893, and perhaps three times as great. Colorado leads in gold, leads in silver, leads in lead and consequently leads in prosperity.—Durango Colo., Herald.

Elko has a new Episcopal Church. It was dedicated on Sunday, the 31st ult., the services being conducted by Bishop Leonard of Salt Lake City. This is the second edifice dedicated in Elko within the last twelve months, and according to report, for beauty, comfort and convenience it is second to none in the State of Nevada.

The following verses, based on a trite and well known saying, hits it about right: "Man wants but little here below, Nor wants that little long."

But what he wants, he wants it bad And wants it good and strong. Man wants but little here below Amidst his trials sore, But the little that he wants so bad, Is just a little more.

The officers of the Independent Order of Odd Fellows for the present year are: James Gills, Noble Grand; M. Williams, Vice Grand; J. D. Campbell, Secretary; James Nesbitt, Treasurer; Charles Gordon, Warden; A. Adleman, Inside Guardian; J. O. Galt, Right Supporter Noble Grand; E. F. Freudenreich, Left Supporter Vice Grand; James Nesbitt, Right Supporter Vice Grand; They were duly installed at the regular meeting held last week.

Marriage Bells.

Last evening, at the residence of the bride's parents on Cedar street, Miss Ella Denton and Peter McDonough were united in the holy bonds of wedlock, by Justice of the Peace A. A. Young. The young couple prepared before hand for the entertainment of a number of their friends and a houseful responded and succeeded in enjoying a most pleasant evening. Both of the contracting parties may be said to have been practically brought up here and the presents sent in were both numerous and useful. The Record joins their many friends in wishing them a prosperous and happy voyage through life.

Death of August Werner.

News was received at Salt Lake on Tuesday, and wired here yesterday, that August Werner had died at noon last Sunday, at the Keystone mine, Yellow Pine district, this county, from injuries received in falling down a mining shaft. No particulars of the sad accident had been received, and probably would not be for several days owing to the remoteness of the place.

At the time of his death Mr. Werner was acting as assayer for the Keystone Mining Company, and had been there about two months.

Deceased was well known in mining circles throughout the west where he had followed the business of assaying for many years, operating in Utah, Colorado, Old and New Mexico and other places. He came here from Leadville, Colorado, a little over four years ago and constructed and operated for some time, the first smelter of the Pioche Con. Co. In July of last year he moved with his family to Salt Lake City, Utah, where the family now reside.

Deceased was upwards of sixty years of age, was a man of strong character and had many firm friends who sympathize with his bereaved family in their affliction.

Death of Conrad Kiel.

An aged pioneer has passed away. Conrad Kiel died at Los Vegas this county January 3rd 1894, from the effects of a severe cold and advanced age. Mr. Kiel was born February 26, 1808 and was therefore nearly 86 years old. He went to California in 1850 and has lived on the Pacific Coast, with the exception of eight years, ever since. For more than twenty years he has resided on his ranch at Los Vegas, Lincoln county, and has been engaged in growing fruits and vegetables to supply the miners of the southern part of the county. He was an excellent citizen and highly respected.

Awarded Highest Honors-World's Fair.

Used in Millions of Homes—40 Years of Success.

FERGUSON DISTRICT.

The snow is about gone from the south slope of the hills.

General good health prevails hereabouts, nothing more serious than coughs or colds appear to trouble our citizens.

A rumor prevailed early this week that the Monitor-Jim Crow was had been floated but it lacks confirmation at the hands of those principally interested.

A number of claim owners hereabouts are anxious that the mills in the vicinity should start up. In all probability the mills will be kept busy as soon from this district from the time they drop stamps. Several low grade ores, that is, ore running \$40 a ton, is plentiful and a dozen different claims offer inducements for work if ore of \$20 could be made to pay a profit.

Nearly every claim on which much work has been done in this district shows up promisingly. One of the latest is the Paymaster, situated about a mile east of town and about the same distance north of the April Fool. Jos. Bryant and John Reese have put down a twenty-six foot shaft, exposing a fine face of mineral quartz from five to seven feet in width with assays running from \$9 to \$100 a ton in gold. It is believed to be the same mineral belt as that on which the April Fool and Monitor claims are located. The work still continues and shipments to mill will be made as soon as the mills will receive them.

From Rivoli. Daniel Bonelli, one of Southern Lincoln's most enterprising citizens as well as one of its oldest residents, writes our postmaster under a recent date as follows: "I have been requested by my manager at the Milwinder Fair to endeavor to get together a good and creditable exhibit from this county. I expect to collect and transmit some 200 pounds of good mineral specimens from this, the St. Thomas mining district, consisting of rock salt, mica, copper and manganese ores, petrifactions of ancient trees and siliceous stones, and later on, some early plants and fruits showing up this portion of the country; but by reason of the practical separations by great distance and bad roads of the north end of the county from this end and the fact that everything from there must go either in small parcels by mail or by the northern railroad I will not be able to do, in the absence of any appropriations for the purpose, anything with that end except to request some of the prominent mining men and others to send what they can contribute exhibit to James A. Yerrington at the Nevada exhibit, San Francisco. I am not well versed in the addresses of the likely persons about Bristol, Hiko or even Pioche and take the liberty to enquire if you can either give me such addresses or, to save time, make a request yourself of them to do what they can for the representation of the county and State at the Exposition, which may do more for us than the more distant Eastern one has done. It may not do much but certainly the effort is worth making. I had at the Chicago Fair the earliest signs of all the earth and the earliest grapes and almonds from anywhere beyond the Mississippi (west of) and although I have not realized any benefits that I know of I fancy that we are now nearer to better times (if they are coming at all) and may realize more from the exhibit of the great State than from the National one."

This letter is accompanied by five sheets of first grade mica such as Mr. Bonelli intends to exhibit. These sheets are two and a half by five inches and look exceptionally well. Mr. Bonelli's public spiritedness is well recognized and he is deserving of great credit for the interest manifested in the Chicago Exposition and for his present actions.

Llewellyn R. Williams, a Welsh miner of Rockvale, was shot and killed Tuesday night by E. E. Rhodes, a Rio Grande brakeman at Larimer Colo. With several others he had paid a brakeman \$1 for a ride. Rhodes came around later and demanded money also. Williams refused, exhibiting a gun and saying that he would protect himself. Rhodes then fired, the ball striking Williams in the face and entering the brain. Rhodes is under arrest.

The largest cattle train that ever left Carson departed this morning. It consisted of thirty cars, eight of which were loaded with cattle recently sold by Fred Dangereux in San Francisco for \$52 a head, the balance of the cars were loaded with cattle from Kirmann & Rice's ranch. There was quite a large crowd of people at the depot to see the train depart. Carson is getting to be quite a cattle shipping center.—Carson Tribune.

The white men residents of Alaska have largely followed the custom of that country and have bought their wives instead of marrying them. The law against this is now being enforced and as a result many of the white men are in jail.

Weather is moderating and the twelve inches of snow is disappearing. John Castle has been quite sick but is now more around attending to business. Gus Wilson who has just returned from Nevada and Fryburg, reports upon the summits fully two feet deep and extremely cold.

Mr. Wm. Mackay was seen in town on business, he reports the loss of all the potatoes and onions he had in his cellar from the late frosts.

Robert Martin and Max Schaefer of Helena came in town to put up ice in contemplation of active operations in Bergmann mining district the coming season.

At the Stern lake just below town a scene of activity now. Three taken from it is fully eight inches thick and many tons will be packed for summer use.

There is no salmon in Hiko and further more there is no one here that wants one. A preference will or should be given at all times to sober inducements. Men as the general run of working men do not require any extra help to relieve them of their surplus cash.

John E. Ferguson, Superintendent of the Hiko Milling Co., has gone to Milford on business. He has temporarily shut down the mill on account of bad weather. Several men have been busy for about two months repairing and just as they had it thoroughly repaired and ready to operate the weather turned very cold the water pump and pipes froze and burst. A few days more only with fair warm weather and the whole will be heard once more. Teams will then be started hauling ore and wood.

NOTICE TO SALE.

Delinquent List of Property for the Year 1893, Lincoln County, Nevada.

Notice is hereby given to those who have property on the delinquent list for the year 1893, to come forward and pay the same, or to authorize some one to do so, on or before the 15th day of January, 1894, at the office of the County Treasurer, in the City of Reno, Nevada.

Notice is hereby given to those who have property on the delinquent list for the year 1893, to come forward and pay the same, or to authorize some one to do so, on or before the 15th day of January, 1894, at the office of the County Treasurer, in the City of Reno, Nevada.
